INTRODUCTION

This circular contains a list of maps and reports released by the U.S. Geological Survey during 1965 that are available for public inspection in the open files. These maps and reports may be consulted at the indicated depositories, and copies may be made upon request (at the requestor's expense).

The reports are arranged alphabetically by author; each report is preceded by a serial number that is used to identify the report in the index (p. 11), and is followed by the depositories at which it may be consulted.

Most open-file reports are on file in at least one of the major U.S. Geological Survey depositories listed below. Many are also on file at depositories selected as appropriate for the individual reports. All depositories are U.S. Geological Survey offices unless a State Geological Survey or other organization is specifically indicated. The following symbols are used in the list to indicate the major depositories:

- Wa Library, 1033 General Services Administration Building, 18th and F Streets, NW., Washington, D. C. 20242.
Wb 1242-N General Services Administration Building, 18th and F Streets, NW., Washington, D. C. 20242.
Da Library, Building 25, Federal Center, Denver, Colo. 80225.
Db Public Inquiries Office, 15426 Federal Building, Denver, Colo. 80202.
M Library, 345 Middlefield Road, Menlo Park, Calif. 94025.

- A Public Inquiries Office, 108 Skyline Building, 508 2nd Ave., Anchorage, Alaska 99501.
LA Public Inquiries Office, 7638 Federal Building, 300 N. Los Angeles Street, Los Angeles, Calif. 90012.
S Public Inquiries Office, South 157 Howard Street, Spokane, Wash. 99204.
SF Public Inquiries Office, 504 Custom House, 555 Battery Street, San Francisco, Calif. 94111.
T Public Inquiries Office, 602 Thomas Building, 1314 Wood Street, Dallas, Tex. 75202.
U Public Inquiries Office, 8102 Federal Office Building, 125 South State Street, Salt Lake City, Utah 84111.

Open-file reports released during past years have been listed in the following circulars (* indicates report is out of print):
